BRUTAL SLAYER KILLS TWO AND HURTS ANOTHER, KILLS HIMSELF

Edmonton, Dec. 26.—Two persons are dead and a third is now in hospital at St. Paul, and may die, in one of the most gruesome murder and suicide tragedies reported to the Alberta provincial police for some time.

Mrs. Hyrshka (or Kruska), 28, living some six miles from Lafond, was murdered at her home and then decapitated by Harry Ewaschuk, 55 between 2 and 3 o'clock Wednesday morning.

John Triska, 22, visited at his home by the slayer after Mrs Hyrshka's murder, was shot in the leg and may die at St. Paul's hospital from loss of blood.

Returning home, Ewaschuk told his wife what he had done and then committed suicide.

Constable Wilson of St. Paul and Coroner Dr. Gagnon, also of St. Paul summoned from Lafond over the telephone by Triska's brother, are conducting an investigation.

The tragedy has thrown the entire Lafond settlement into a high pitch of excitement.

Details Sketchy

First news of what had happened came when one of the Triska boys rushed into the telephone office at Lafond and asked that the police and a doctor be summoned, as Harry Ewaschuk had shot John Triska through the leg and the young fellow was bleeding to death.

Then came the news that Mrs Hyrshka had been murdered in front of her daughter of 13 and that the murderer, Harry Ewaschuk, had committed suicide at his home, after telling his wife what he had done.

Details of the slayings are still sketchy and no cause other than a family quarrel can be assigned to Ewaschuk's action.

Over the long distance telephone however, the following details were obtained:

The Ewaschuk family has lived in the Lafond district six or more years and the mother and two children were well respected. The father, however, is reported to have been a "bad one," given to much quarrelling.

Early on Wednesday morning he left the house, taking with him a rifle. He went to the Hyrshka home and in the absence of the husband John Hyrshka, who was working at Brosseau, a neighboring settlement he entered the house.

What followed is not clear. The 13 year-old daughter witnessed the shooting, however, and will tell her story to the police later.

The upshot ended in Ewaschuk sending two rifle bullets through the woman's head as she lay in bed. Three other small children, it is said were also in the house.

Then taking a knife, Ewaschuk cut the woman's head completely off.

Bearing his ghastly trophy with him, Ewaschuk left the house. What he did with the severed head is not yet known. The police are still searching for it.

Ewaschuk then went to the Triska home, where he shot young Triska through the leg. It was this shooting which first roused the settlement and brought the police and coroner over from St. Paul's.

The slayer then went back to his home where, after telling his wife what he had done, he turned the rifle on himself, shooting himself through the head and dying immediately.

Coroner Dr. Gagnon attended Triska and ordered him removed to St. Paul hospital. The young man is extremely weak from loss of blood and may not recover.

FARMERS TO URGE POOL FLOUR MILLS BEFORE U. F. A. CONVENTION, BUT OFFICIALS HAVE HANDS FULL

Calgary, Dec. 27.—Fired by the success of the wheat pool and other co-operative undertakings, Alberta farmers will make a proposal at the annual convention of the U. F. A. that the executive investigate the possibility of establishing a co-operative flour mill, either by the wheat pool, the wholesale co-operative association, or other means. The convention will also be asked to consider the fesibility of acquiring packing plant facilities.

Officials of the U. F. A. pending these two suggestions being discussed at the convention, are not inclined to express an opinion on them. It is learned indirectly however, that the U. F. A. has its hands pretty full already in connection with various co-operative organizations. It is pointed out that they require an immense effort to make them a success and that it is doubtful if the time is ripe for launching out into other fields of commerce.

So far as the wheat pool is concerned, it is stated that much additional work will be undertaken next year because of the authorization at the last annual meeting of the formation of a coarse grains pool.

All the same, officials of the U. F. A. state that a most interesting discussion is likely to ensue when the resolutions come before the convention, more especially in connection with the formation of a co-operative flour mill.

MRS. NORTHCOTT PLEADS GUILTY: IS GIVEN LIFE

Riverside, Calif., Dec. 31.—Mrs. Sarah Louisa Northcott pleaded guilty to the murder of Walter Collins in superior court here this morning, and was sentenced to life imprisonment.

Secret Confession

The woman who was accused with her son, Gordon Stewart Northcott, Wineville chicken ranch operator, of the death of the Collins boy, accepted full responsibility for the murder of the lad.

The unexpected court appearance of the woman, who with her son led Southern California officers on an international manhunt previous to their capture in Canada and return here, followed a secret confession given Saturday to Chief Deputy District Attorney Earle Edwine and Sheriff Glen Sweetzers. Yesterday she dismissed N. Savay, her attorney and asked that she be taken before the court this morning. She was taken before Superior Judge O. K. Morton and entered her plea of guilty shortly after nine o'clock this morning.

Collins was one of four youths alleged to have been tortured and killed on a chicken farm near here operated by Mrs. Northcott and her son Gordon Stewart Northcott, who also faces murder charges. The son is alleged to have kidnapped the boys and brought them to the ranch where he mistreated them before putting them to death.

The only really National Farm Journal is the Family Herald and Weekly Star, Montreal. It has as many readers in Nova Scotia as in Saskatchewan, and is in its new form the talk of the Dominion.

MORTGAGE SALE

PURSUANT to an Order of His Honour Judge A. M. MacDonald made the 20th day of December, A. D. 1928 in a certain action wherein Canadian Bank of Commerce is the Plaintiff and F. A. Adams is the Defendant, the following lands and premises, namely:

The West half of Section thirty-six (36) in Township Eight (8) Range twenty-six (26) West of the Fourth Meridian containing three hundred and twenty (320) acres more or less. Reserving unto the Crown all mines and minerals.

That portion of the South East quarter of Section Five (5) in Township Nine (9) Range twenty-six (26) West of the Fourth Meridian which is not covered by the waters of Old Man River and excepting thereout that portion for Right of Way of the C. P. Ry. Company's Crows Nest Branch, which lies to the South East of a line drawn parallel with and 100 feet perpendicularly distant, on the North West side from the centre line of said Railway as same is now constructed across said land and lands adjoining the same and containing 4.55 acres more or less as shown Plan Railway 13. The land herein comprised containing One hundred and thirty-one and forty-five one Hundredths (131.45) acres more or less. Reserving unto the Calgary and Edmonton Land Company, Limited, all mines and minerals including oil and natural gas, will be offered for sale by Public Auction on Saturday the 19th day of January, A. D. 1929 at the hour of twelve o'clock noon at the Court House, at Macleod, in the Province of Alberta.

The property will be offered for sale subject to a Reserve Bid and subject to the reservations contained in the Grant from the Crown and in the existing Certificate of Title, and subject to all rates and taxes due and owing on the said land.

TERMS OF SALE 10% in cash at time of sale and the balance within 60 days with interest at 5% from the time of sale.

FURTHER PARTICULARS may be had from the Auctioneer or from the undersigned solicitor.

J. W. McDonald, K. C.,
Macleod, Alberta,
Solicitor for the Plaintiff.

JOSEPH HICKS,
Barons, Alberta,
Auctioneer.

Approved:
A. M. MacDonald.

GRANUM HOCKEYISTS TAKE TWO LEAGUE CONTESTS FROM JUBILEE CITY

Granum and Macleod played two league games on New Year's Day, one at Granum at 3 p. m., the other a postponed game at Macleod at 8 p. m.

The afternoon game at Granum was played before the largest turnout of the season so far, the locals winning 6 to 1.

During the opening period Macleod appeared to be a greatly improved team and their forwards kept up a continuous attack, led by McLeod, who scored after 10 minutes' play.

Hart Opens for Granum

Early in the second period Granum took the lead when Hart, taking a pass from Ross, opened for the home team. This was followed shortly afterwards by a piece of brilliant play by Robinson, who scored after a long corkscrew run. The Macleod defense were unfortunate in losing McDonald, who retired hurt. The local team kept up the attack, Brown in goal for Macleod saving his side time and again. Both goalies played a good game. Before the close of the period Orton shot Granum's fourth goal.

In the closing period, Ross, following up a long shot by Hart, scored his second goal, and before the finish Earl Marsh made it six for Granum.

The losers started off well, but were unable to keep the pace, and though McLeod, Ray, and Hamilton worked hard, the team as a whole seemed to lack training.

The winners were always on the job. Ross feeds his wings well and though still erratic in passing the forward line, has greatly improved in that respect. The town is justly proud of its hockey team this year.

Referee S. Haines handled the game satisfactorily.

Macleod Drops Postponed Game, 1-0

A foothills League game played Tuesday night on the Macleod ice between Granum and Macleod resulted in a win for the visitors, the score being 5-0. Just before the close of the first period Granum scored their first and made it 1-0.

Shortly after the opening of the second period, Granum found the Macleod net, and in about a minute after they scored their third tally. The third period was about half way when Granum put in the fourth goal. The Macleod boys failed to get another look-in, although they tried hard and the play was very much in favor of the home team, as they pressed the Granum goalie pretty hard, but he was right on the job and stopped many well placed shots.

The game was fast and on the whole a good, clean one, only a few minor penalties being awarded. There were some extra good runs by individual players and the combination work by both teams at times was excellent. Referee Woodley of Claresholm seemed to give entire satisfaction to all concerned. He was independent of both teams and that is what all referees ought to be.

There was a very large crowd of fans present, in fact the largest number seen at a Macleod game this season. The ice was in splendid shape which helped considerably to make a fast game.

The Lineup

Granum—Goal, Stubbert; defense, Orton, Hart; forwards, Hoffman Ross, McKinnon, Marsh, Bayley, Robinson, Ackyroid.

Macleod—Goal, Browne; defense, Hamilton, S. McDonald; forwards, Rae, Townsend, Mosher, McLeod, Dowson.

HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION—MONEY FOR HEALTH

At this season of the year, in many centres, the budgets of the various municipal and county services are being considered, health services together with the others.

The public money which is devoted to health work represents an investment in disease prevention and health promotion. It is a well-established fact that the proper expenditure of certain sums of money will bring about a reduction in the amount of illness and the number of deaths. There is of course, a limit to the reduction, and that limit is set by the knowledge which we possess. We can deal successfully with many diseases because we know enough about them to combat them successfully. With regard to others we are not as yet able to do so because we have not the knowledge which would enable us to conquer them.

When the question of health expenditure is considered, every citizen should realize clearly that if reasonably sufficient funds are provided, he is actually, through his taxes, buying community health insurance for his own protection and for that of his family, his friends and his fellowcitizens. If a reasonable amount of money is not spent on health work, then the reverse occurrs, and each person—adult and child—will be needlessly exposed to the dangers of preventable diseases. The burden and expense of disease does not fall evenly. Someone may feel that he has saved a dollar or two and escaped sickness, but some individual, some family, will have that burden and expense. The community may have to pay out far more in the care of orphans, or in hospital bills, than the health department costs. One epidemic costs many times the upkeep of an adequate health department.

Money should not be wasted; it should be properly spent. Every city, town and county should have sufficient money for health work and should see to it that it is properly spent.

Questions concerning health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by letter.

OTTAWA TO AMEND THE GRAIN ACT; WILL IMPROVE GRADING

Ottawa, Dec. 26.—Amendment of the Canadian Grain Act as a means of improving the existing system of grading is under consideration by the Dominion government, it was learned here today. Arising out of the investigation at present being conducted in the western provinces by the commission on grain grading it is understood steps will be taken at the coming session of parliament to overcome any dissatisfacion among farmers by amending the act.

While the details of the proposed changes have not been disclosed, it is believed that the government will recommend the re-drafting of clauses in the act respecting grading in an effort to clarify and make more uniform their interpretation. The regulations would be so framed that farmers would be in a position to determine on their own accord the grade they might expect for their wheat.

Reduction in the number of varieties of wheat which would qualify for the contract grades is another suggestion for improvement of the grading system. It is pointed out by authorities that multiplicity of grades grown in Canada at the present time lends itself to the aggravation of the problem.

Several other proposed changes are under consideration among them one relating to mixing.

It is understood that the federal department of agriculture is in favor of prohibiting mixing red and white wheat in the future. This practice, it is pointed out, has provoked considerable dissatisfaction among importers in Great Britain.

THE NEW CHEVROLET SIX SOON ON MARKET

Passing on to the motoring public the benefits of economies arising out of tremendous volume production, the Chevrolet Motor Company of Canada is introducing "The Outstanding Chevrolet of Chevrolet history—A Six in the Price Range of the Four."

In making this important announcement, Ross Mackinnon, General Sales Manager, points out that the sensational public reception accorded the car in recent years has enabled Chevrolet at this time to offer the added power, speed and, smoothness of six cylinder performance at practically the same prices that contributed so much to the world-wide popularity of the four. Preparations for the greatest year in its history are now being made by the Chevrolet Motor Company. Production of the new car has started and the company's giant factories at Oshawa, Walkerville & Regina will be turning out cars to be shipped to dealers by December 15. Deliveries to the public will start January first.

Although no definite schedule has been set for 1929, Mr. Mackinnon declared that production of the new car in Canada and the United States would probably exceed 1,250,000 units, thereby surpassing all former records. In its new offering Chevrolet has retained the highly successful valve-in-head principle. The motor is of the high compression type with a non-detonating head and develops 32 per cent more power than its famous predecessor; its acceleration is measurably greater and its speed has been stepped up to satisfy maximum requirements. The piston displacement is 194 cubic inches.

Despite this greatly improved performance standard, thousands of miles of testing under every road and weather conditions at the General Motors Proving Ground in addition to many cross country runs, have shown that the new Chevrolet engine will operate with an economy averaging better than 20 miles to a gallon of gasoline. This is practically the same fuel economy enjoyed by the owners of the previous four cylinder model.

The motor develops 46 horse power at low engine speed and as a result of the automatic lubrication of the valve mechanism the motor is exceptionally quiet throughout the entire speed range.

Seven models of passenger cars and three commercial types comprise the line, which according to General Motors officials, embodies the greatest dollar value ever offered in an automobile. Included in the passenger car line are five closed and two open models. All bodies this year carry the famous Fisher stamp of craftsmanship. The commercial car line embraces a new and larger Utility Truck of one and one half ton capacity, and a new light delivery chassis.

From an appearance standpoint as well as from inherent design, the car is completely new with a wide range of attractive colors and fine car appointments formerly found only on the more expensive makes.

Despite the score of advanced features, prices remain practically the same, chiefly as a result of the influence of tremendous volume production. The price range is from $510.00 to $925.00 F. O. B. Oshawa Government Taxes extra.

Advance orders will be taken immediately following the announcement with Deliveries starting January first, officals stated. They also pointed out that to insure delivery early next year it would be advisable to place orders as soon as possible.

The new Chevrolet, which on its debut promises to write a new chapter in motor car history, is in every sense a proved product. Four years ago Chevrolet engineers began their research work, engineering planning and General Motors Proving Ground testing. Associated with the Chevrolet engineers were the specialized engineers of the General Motors Research Laboratories.

Night and day, indoors and out, in good weather and bad, they designed built and tested every modern type of motor so that no opportunity would be overlooked—so that every desirable feature might be harmoniously incorporated in the new product. Perhaps a thousand ideas were considered and discussed. More than 100 different motors were built up and given exhaustive test blocand road tests before the cabinet of expert engineers, presided over by O E. Hunt, Chief Engineer of the Chevrolet Motor Company, finally approved the new Chevrolet valve-in-head six cylinder motor.

Speed, acceleration power and smoothness, to an unusual degree are offered in the new motor. It is of the high compression type, fully enclosed and with a non-detonating head. It has a three and five sixteenths bore and a three and three quarters inch stroke with a 194 cubic inch piston displacement.

The motor develops 32 per cent more horse power than its famous predecessor and has an abundant source of reserve power for fast getaway, heavy roads and steep grades. New features that contribute to this added power are an improved combustion chamber; a newly designed cam-shaft and four exhaust and three intake ports.

The speed has been stepped up to satisfy maximum requirements and in acceleration the new motor is vastly superior to any previous Chevrolet model. This remarkable acceleration is due partly to the use of a new accelerating pump. When the accelerator is suddenly depressed this pump forces a small quantity of gasoline into the manifold of the carburetor, giving the car the instant power and get-away so necessary in modern traffic. On actual dynamometer tests the new engine develops 46 horsepower at low engine speed. At all ordinary speeds it develops from three to four times the amount of power required to drive the car.

DEFINITE DOMINION OFFER FOR RETURN OF RESOURCES COMING IN A FEW DAYS

Edmonton, Dec. 26.—Better terms for Alberta in connection with the transfer of its natural resources will be provided in a new offer that will be forthcoming from the Dominion government in the course of the next few days, it is stated by Premier Brownlee, who returned from the east just in time to spend Christmas at home. A further definite proposal that may lead to a final settlement of the question and that will be based on the conclusions reached at the recent conference in Ottawa is now being awaited.

The entire resources question was thoroughly discussed from all its angles, says the premier, and the Alberta ministers were met for that purpose by a special committee of the federal cabinet, consisting of the prime minister and the ministers of finance, justice, interior, agriculture and immigration. There was evidence on the part of the Dominion executive to bring the matter to an end.

Offer in Few Days

While no final settlement was reached, the Alberta delegation was given to understand that a letter would be dispatched within a few days containing a definite offer to turn over the resources to the province and setting out the terms of transfer. Just what that offer is likely to be is not in the meantime being announced.

Mr. Brownlee says, however, that he is satisfied the offer will be found to suggest terms more favorable to the province than any previously offered, particularly in regard to the financial arrangements.

Asked what position is likely to be taken in regard to the compensation, the premier replied that any question of going into an accounting of the resources alienated was found to be practically an impossibility, because of the thousands of records that would have to be checked up and tabulated. Instead there seems to be a tendency on the part of the Dominion to settle the question of better terms to the western provinces through the medium of the natural resources and for that reason to get away from the accounting idea. It is confidently expected that the new offer will propose more generous terms to the province.

School Lands

"What about the school lands question?" the premier was asked.

"We expect," he answered, "that on that point an alternative proposal will be included in the offer about to be made.

If the offer, when received and examined, proves acceptable to the Alberta government, confirming legislation will be passed at the coming session of the Dominion parliament giving final and legal effect to it. [illegible] is understood will be reached with Hon. Mackenzie King before leaving Ottawa. Similar legislation will be passed in the Alberta house.

THE BAY OF FUNDY

I like the Bay of Fundy,
Where tides creep up the strand,
With driftwood for the fire,
And rockweed for the land.
From Yarmouth to Chignecto,
around and back again,
They reach the Quoddy Islands and
wash the shores of Maine.

I like the Bay of Fundy,
Where sandstone islands wait
The rosy kiss of sunset,
Beside the western gate,
And up the inland rivers, that seek
the Fundy tides,
A pleasant land of apple trees and
happy homes abides.

I like the Bay of Fundy
For when the tide is out,
So many wonders of the deep
Are scattered all about.
Oh, happy Bay of Fundy; for there
for evermore
Children find their fairy lands beside
its lovely shore!

—C. F. S.

Germany has an engine that burns coal dust. How about an engine that utilizes the soot from oil burners?

MERTON DOWSETT FATALLY INJURED AT GRANUM

A very sad accident, which later proved to be fatal, occurred at the Granum C. P. R. depot Wednesday morning about 8 o'clock, when Merton Dowsett, trainman on the Macleod-Calgary, way freight, accidently slipped and fell, when switching a freight car, and had his left hand and right foot cut off and otherwise was so seriously crushed that he died at the Macleod Hospital about 3 o'clock Wednesday afternoon. Medical aid was summoned at once at Granum and the injured man was rushed to Macleod in the caboose, Doctor Cohen (of Granum) accompanying him to Macleod, where they were met by Dr. Kennedy, the company's doctor.

Merton Dowsett was the son of Mr. and Mrs. M. Dowsett of 244 2nd Ave., S. Lethbridge, and was 31 years of age. He was born in Ontario and came to Lethbridge about 20 years ago. He had been resident in Macleod for a few years, working out of Macleod on the freight service of the C. P. R. Just a year ago this month, on January 17th, Merton Dowsett and Miss Gladys Taber were united in marriage. Both young people were very popular in Macleod, Mrs. Dowsett having been for a number of years on the staff of the Public School, and now the sincere sympathy of the whole town goes out to her in her sad and sudden bereavement. Merton's mother is at present at the Coast, where she went some time ago on account of poor health. The funeral is arranged to take place from St. Andrew's Church on Saturday afternoon, January 5th, and will be in charge of the Elk Lodge, of which the deceased was an active member. He was also a member of the British Empire Service Legion Macleod branch.

MACLEOD JUNIORS DEFEAT GRANUM

The Junior League hockey teams of Granum and Macleod crossed sticks on new Years Eve on the Macleod ice, when a good, fast, clean game was witnessed. The Macleod boys seemed to have the best of the play from the way they pressed the visitors' goalie, especially in the second and third periods. Granum scored their first and only goal in the first period.

Macleod followed with their first in the second period and broke the tie in the third, finishing the game 2-1 in favor of Macleod.

Some of the younger members of both teams gave a real artistic display of hockey, which promises well for their future success on the ice. Blair, the Granum goalie, was a tower of strength to his team. The line-up was:

Granum — Goal, Blair; defense, Sherman and Marsh; forwards, Goeson, Welsh, Reynold, Marsh, McKenzie, McCorkell.

Macleod—goal, Browne; defense, Ringland, Mosher; forwards, Adams Smith, T. Graham, Smith 2, J. Graham, Hanrahan, Lambert. Referee Hoffman, Granum.

WEDDING BELLS

PEARCE-WALSHE

A quiet but pretty wedding was solemnized on Thursday morning December 27th at the rectory of the Holy Cross church, the Rev. Father Ross officiating, when Mary Gertrude, only daughter of the late Edward Walshe and Mrs. Walshe of Macleod, became the bride of Capt. Newton Pearce, manager of the Bank of Montreal at Arborfield, Sask. Wm. M. Walshe, brother of the bride gave her in marriage and she was attended by Miss Teena Matheson, Jumbo Valley, Granum, Frank P. Walshe, brother of the bride, supported the bridegroom.

The bride was gowned in a lovely creation of white georgette trimmed with net and wore a veil of Brussels net crowned with orange blossoms, and carried a bouquet of roses and carnations. She wore a handsome bracelet and platinum wrist watch, the gift of the bridegroom. The bridesmaid wore a dress of grey georgette, with cut work over pink and pink and grey velvet hat and carried a bouquet of pink and white carnations.

The bride's going away dress was of black satin with cream lace, seal coat and gold metallic hat.

The bridegroom's gift to the bridesmaid was a silver desk set and to the best man a pearl set tie pin.

After the ceremony the bridal party partook of a wedding breakfast at the home of the bride's mother. The guests were the family and near relatives and Father Ross. Mr. and Mrs. R. Brown (Claresholm) and Mrs. Blackstaff (Calgary.)

The happy couple left on the noon train for their honeymoon. They will visit a number of cities on their way to their future home at Arborfield. The bride belongs to one of the old time families of Macleod and district. Her father before his decease farmed for many years in the Howe district. She taught in the separate school in Macleod about two years ago and since then has been teaching in one of the separate schools in Calgary. The young couple were the recipients of many beautiful gifts.

AHA

"I was saying some good things about you to a man this morning."

"Thanks. What did you tell him?"

"I said you had a bigger house, garden and plot of land than anyone else in the district."

"Whom did you say it to?"

"The tax assessor."

Correct this sentence: "John called about 6 o'clock to say he'd be an hour late for dinner," said the wife, "and I wasn't a bit annoyed."

INFLUENZA AND PREVENTIVE MEASURES

The first epidemic of influenza of which an accurate description of the symptoms has been given occurred in 1889-90. Before this time the account of the clinical features of the disease was confusing and often conflicting.

Leichtenstern gives the following description of the type of influenza which occurred in the 1889 outbreak; "The typical influenza consists of a sudden pyrexia of from one to several days' duration, commencing with a rigor and accompanied by severe headache, generally frontal, with pains in the back and limbs, with prostration quite out of proportion to other symptoms, and marked loss of appetite." He also adds that catarrhal symptoms arise from the affection of the respiratory tract, particularly the upper respiratory tract. The above description is closely in accord with the symptoms of the influenza which was epidemic in 1918, when not accompanied by complications.

In the epidemic of 1889, the upper respiratory tract was more generally affected than the lower, whereas in the 1918 epidemic the lower tract was the more commonly affected.

Three other forms of the disease are observed:

A Nervous Form—Without any catarrhal symptoms in evidence. There is headache, pain in the back and joints, and marked prostration.

The Gastro-Intestinal Form—Nausea, vomiting, abdominal pain, diarrhea, collapse, being the common manifestations of this type of influenza.

Febrile Form—Although fever is usually present in all forms of influenza, in this form it is the only manifestation of the disease. It is sometimes remittent and accompanied by chills. In a few cases, the fever may last for several weeks and simulate typhoid fever.

At the present time influenza is epidemic over a large part of North America. The first cases of the disease appear to have been reported in the Pacific Coast States, and within the last three or four weeks the infection has swept east and north across the continent. The disease is now prevalent in Alberta, but fortunately is of a much milder type than that which prevailed in 1918.

Symptoms

There may be considerable variation in the initial symptoms. There may or may not be evidence of coryza or cold in the head. Nose bleed occurs in some cases. The fever is of a moderate height. The throat is usually congested. Headache, usually frontal, is an early manifestation but may be absent. Dizziness, loss of appetite, and palpitation of the heart may ensue. Marked weakness, shortness of breath, and severe muscular and joint pains may be present. In some cases severe abdominal pain may be complained of and in severe infection, cyanosis may be noted. In a few cases, a rash appears shortly after the onset of the symptoms usually being most marked about the chest.

While the type of the disease prevailing at this time is generally speaking mild, some patients are more severely ill than others, and as a consequence all do not manifest the series of symptoms described above.

Prevention

To avoid contracting the disease, it is advisable to keep away from crowds and crowded places. By reducing contact to a minimum, the chances of being infected are reduced. Avoid getting chilled and maintain bodily resistance to disease by observing the following simple rules of health:

Eat plain, easily digestible, and nourishing food, and keep the bowels well regulated.

Get eight hours' sleep each night in a well-ventilated bedroom.

Get some exercise each day out in the open.

Do not worry about the disease.

Be cheerful.

If the symptoms of the disease as outlined above develop, go to bed at once and remain there until fully recovered. Thousands of people have died from influenza or the complications following influenza by attempting to stay at work and fight the disease.

PROVES IT DOES

Isn't it funny
That so many
Business men
Will get up in the morning
Clean their teeth with an advertised
brush and advertised tooth paste,
Shave with an advertised razor,

IMPATIENT

"Do you think that jazz is passing?"

"Maybe, but not going fast enough for me."

FLYING PAPER

"What paper do you use to send and air-mail letter, Pa?"

"Fly paper, I suppose," replied the father, preoccupied.

BELIEVED THAT THE KING HAS NOW PASSED CRISIS

London, Jan. 2.—There was an optimistic note in today's news about King George. He has retained the improvement which the doctors reported last night.

Even the restless night for his majesty which the doctors reported this morning, did not cause him to lose any ground since the improvement noted last night. Palace circles were gratified that there had been no check in this progress which, however, continues to be slow.

It is understood that the new calcium treatment for toning up the blood, in connection with which Professor E. C. Dodds, brilliant young chemical pathologist from the University of London, was called in, is being continued and further benefits from it are hoped for.

NANTON DEFEATS MACLEOD 6-1

In the league hockey game at Nanton between Nanton and Macleod played on Wednesday, Dec. 26th Nanton won hands down taking the game from the visitors by a 6-1 score. The game was fairly good despite the fact that the ice wasn't of the best variety. The Nanton boys were playing on home ice and that made up for much although the game was not so much one-sided as the score would lead one to believe.

S. C. WHITE LEGHORN PULLET LAYS AT 3 MONTHS 2 DAYS

During 1928, Alex. Taylor's Hatchery, Winnipeg, Man. ran a Competition with their Customers to promote interest in Poultry Raising, giving prizes for the Earliest Laying Pullet; the highest percentage of chicks raised; the best picture and results obtained.

Miss Agnes Curtin of Craik, Sask., is the winner of 100 Baby Chicks with a S. C. White Leghorn Pullet laying at 3 months, 2 days. A record of Early Laying Barred Rock Pullet, 3 months, 7 days, Mrs. W. Drader, Dunrea, Man., Winner of 100 chicks. Raised 198 from 200 Bred-to-Lay Liv-an-Gro Baby Chicks received, Mr. F. S. Taylor, Hulton, Man., Winner of 100 Chicks. Best picture of Bred-to-Lay Chicks, Mrs. W. Heins, Irricana, Alta., Winner of 100 Chicks. Winners of 50 Bred-to-Lay Liv-An-Gro Baby Chicks—Mr. F. Colyer, Port Arthur, Ont., Picture of Best Pullet, Miss Ethel Meyer, Kenville, Man. Picture of Box of Baby Chicks, Mrs. Lou Strachan, Crandall, Man. Raised 194 from 200 received. Mrs. W. T. Foan, La Fleche, Sask. Took First Prize at Local Fair.

EXPENSIVE DELAY

"Yes, having been born here, I thought I would come back and live again among you. How much for this land?

"One dollar a front foot."

"You could have bought it for $10 an acre when I was a boy. How much for acreage?"

"One thousand dollars."

"How dear are the scenes of my childhood," sighed the city man as he turned away.

UNCANNY IS RIGHT

"Did you ever notice how very much alike one sardine is to another?"

"Yes, indeed. I think it's positively uncanny."—Judge.

COMING EVENTS FORESHADOWED

The Macleod High School Literary Society will give a Card Party and Dance in the Elks' Hall on Friday, January 11th. Cards at 8 o'clock. Lunch will be served. Admission 50c. 45-2t

The Women's Auxiliary of Christ Church will meet in the Parish Hall on Monday, January 7th, 1929, at 3 o'clock p. m. All members earnestly invited to be present.

EMPRESS THEATRE PROGRAMME

THURS.—FRI.—SAT.—
January 3rd, 4th, and 5th:
The Stupendous Production—
"BEN HUR"
with Ramon Navarro.
The World's Mightiest Attraction here for three nights.

Thursday and Friday one show each night at 8 sharp; Saturday at 3 o'clock and at night a continuous show from 7:30.

Admission—Children, 35c; Adults 75c (including tax.).
Saturday matinee—15c and 35c.

MON.—TUES.—WED.—
January 7th, 8th and 9th:
Erich von Stroheim's Masterpiece:
"THE WEDDING MARCH"
with Fay Ray.

Erich von Stroheim as the dashing, reckless, woman chaser of aristocratic Vienna. A Don Juan to whom a pretty girl is simply the stake in a new game.

Some of the most magnificent scenes ever on the screen—in wonderful natural color.

This picture is not for children—consequently only adults tickets will be sold.

Admission 45c (including tax).

COMING—
SOUND PICTURES
Saturday only, January 12th.

Midwinter Clearance Sale!

Sale Commences Saturday, January 5th — For Ten Days

May we, as an introduction, tell you that the new policy of our store is to hold two Annual Sales—the Mid-Summer Sale and this Sale during the Mid-Winter. We hope to make these two yearly sales of outstanding value to you and give you the benefits of buying at low prices goods needed every day. These Sales will not have the object of clearing odd or old lines, but we are pricing innumerable lines of new stock in our Dry Goods, Ready-to-Wear, Men's and Boys' Wear and Boot and Shoe Departments at such figures promising you the opportunity of a decided saving. We feel that the public is entitled to be able to buy from us good quality merchandise at least twice a year at a reduction, the same as you can do in the cities. If you will give us your support in our new policy our store will be in a position to give you prices, service and quality comparable with any of the larger centres in Western Canada.

This Will Be Our Aim --- Therefore Our First Attempt Is Our Mid-winter Clearance Sale Starting Saturday. From January 5 to 15 (Inclusive)

We Hope to Make This an Outstanding Semi-Yearly Event

INDUSTRIAL DEMOCRACY

The Mond scheme for the rationalization of industry in Britain is a challenge to the outworn and inefficient methods of production and distribution whose abandonment is an imperative necessity, not only for the revival of trade in general, but to check the spread of unrest that will inevitably increase the strength of socialism.

Political as well as economic considerations are involved in this scheme; they are, indeed, inseparable; for if industry is not reorganized on a profitable basis, and more harmonious relations established between workers and employers, the balance of political power will shift to labor, and when that happens the country may find itself faced by a party of irreconcilables who may be tempted to experiment with extremely radical measures in the hope of rehabilitating the business of the nation.

The enlightened leaders of both labor and capital fully realize that peace in industry is the very foundation of national prosperity. Strikes and lockouts have proved disastrous alike to both parties, and yet there are die-hards on both sides who refuse to entertain any suggestions of friendly co-operation, professing to believe that such a course would be an admission of retreat from the traditional policy of hostility and divergent interests.

There are employers who think in terms of lower wages and longer hours as the only means by which they can recover lost ground, and who refuse to admit the necessity for the scientific reorganization of their factories. There are trades unionists who retain a spirit of uncompromising antagonism and suspicion toward employers generally, and who view with distrust any overtures which savor of conciliation and identity of interests.

The principles of the Mond scheme have been approved by the Trades Union Congress, but the Employers' Confederation have not yet endorsed it, the reason being that the obstinate conservatism of some of the employers is opposed to a plan that would tend to the democratization of industry, and of which the proposed National Industrial Council of the Mond scheme would constitute the parliament for the consideration and settlement of all questions relating to industry as a whole.

The die-hards are fighting bitterly, but reason and necessity are leading the nation toward democracy of industry as the best solution for their economic difficulties.

HOW WEALTH CHANGES

Forty years ago, England possessed more wealth than Germany, or France, or United States. She was the industrial queen of the Atlantic. Today Great Britain has only eighty billions of wealth while United States has five hundred and sixty billions.

London is still the world's centre for financial transactions with Europe, but the above figures show that today London is no more the owner of the world's wealth than a bank teller is the owner of his bank's funds.

What has brought this change about?

Has it been industrial mass production and new uses for mentals in the New World? Has it been the stabilization of industry through research and organization rather than a continuance of the old methods of competition which Britain still clings to?

The old English industrial theory was to sweat your labor and pay low wages and meet all competition, destructive and otherwise. The theory in North America is to stabilize each industry as to output, then reduce and take the load off the backs of workers, put it onto machinery, pay high wages and increase the buying power of the masses.

England is suffering industrially today because the buying power of her masses is approximately one-third the buying power of the masses of United States.

You cannot pay high wages under the theory of competition. You can pay high wages under an industrial system stabilized by organization.

And until John Bull gets away from the old doctrine of competitive free trade, the brain, the blood and the brawn of England will be exhausted in an industrial battle that has no profit and no future.

Wealth, like water, gravitates to a level that attracts it, and the level that is today attracting wealth is natural resources, particularly metals, plus engineering skill and laboratory science, plus financial promotion.

If United States has been able in the past forty years to create five hundred billions of new wealth, what does the next forty years hold for Canada and Canadians?

ANALYZING FAMILIES

Prof. Louis L. Thurstone of the University of Chicago, after spending two years analyzing the intelligence of the children of 1500 Chicago families, has drawn up a number of highly interesting conclusions.

He says, for instance, that the second child in a family is apt to be a bit brighter than the first child; that the age of the parents at the time a child is born does not have the slightest effect on that child's intelligence; that the level of intelligence of the children of small families is higher than that of children of large families.

The professor hastens to add that there are exceptions to all of these rules, so don't be worried if any of this hits you unfavorably. You're doubtless one of the exceptions. Meanwhile, it is to be hoped that more of this sort of work is done. It is only by the patient and laborious compilation of reams of such statistics that definite knowledge will ever be gained.

Empress Theater Current Attractions

"BEN-HUR," WORLD'S MIGHTIEST ATTRACTION, DUE HERE SOON; PREMIERE AWAITED EAGERLY — PICTURE TRAILS BROKEN RECORDS—HAS DELIGHTED NEW YORK, CHICAGO, BOSTON AND PHILADELPHIA — SCENIC EFFECTS IMMENSE — TWELVE TEAMS IN CHARIOT RACE; SEA FIGHT PROVIDES THRILLS ON SPECTACULAR SCALE

Metro-Goldwyn-Mayer, in arrangement with A. L. Erlanger, Charles Dillingham and F. Ziegled, Jr., offers the world's mightiest attraction at the Empress Theatre Thursday and Friday in the celebrated picture version of "Ben-Hur," to which all New York has crowded for many months and which equally delighted Chicago, Boston and Philadelphia in as many record-breaking runs. This wonderful picturization cost $4,000,000, three years' time and the labors of 150,000 persons in Italy and California.

It culminated in the construction of the gigantic Circus Maximus and race-course of Antioch and in the filming thereon of the thrilling chariot race. Instead of eight horses and the old-time mechanical illusion of the stage show, the new and greater "Ben-Hur" shows twelve teams of four horses.

The details of General Lew Wallace's famous "Tale of the Christ" have been reverently followed. Not only that, the picture heightens the powerful melodramatic and love interest of the play, centering in the four romantic characters of Ben-Hur, Messala, Esther and Iras, enacted by Ramon Novarro, Francis X. Bushman, May McAvoy and Carmel Myers.

VON STROHEIM IS "SPLENDID" IN HIS "THE WEDDING MARCH" MONDAY—TUESDAY WEDNESDAY

Erich von Stroheim has returned to the screen!

And he has done it in a fashion which increases the interest in what is undoubtedly one of the most fascinating personalities of filmdom.

In "The Wedding March," Von Stroheim heads a remarkable cast of screen favorites in a production which he also directed, and which presents a moving story of Vienna in the days before the World War.

There is much that is spectacular in "The Wedding March"—much that charms the eye with a display of regal magnificence or beauty of an almost ethereal quality, — but there is also a great deal that effects the spectator solely through the medium of superior acting.

The Corpus Christi procession before the cathedral in Vienna, photographed by the technicolor process, shows some of the most gorgeous scenes ever brought to the screen.

As an actor, Von Stroheim matches his excellence as a director, and is supported by ZaSu Pitts, undoubtedly one of the leading emotional actresses in motion pictures, and by Fay Wray, the director's "find," a pretty miss who acquits herself in admirable fashion.

CARD OF THANKS

General Hospital,
Macleod, Alberta,
Dec. 26, 1928.

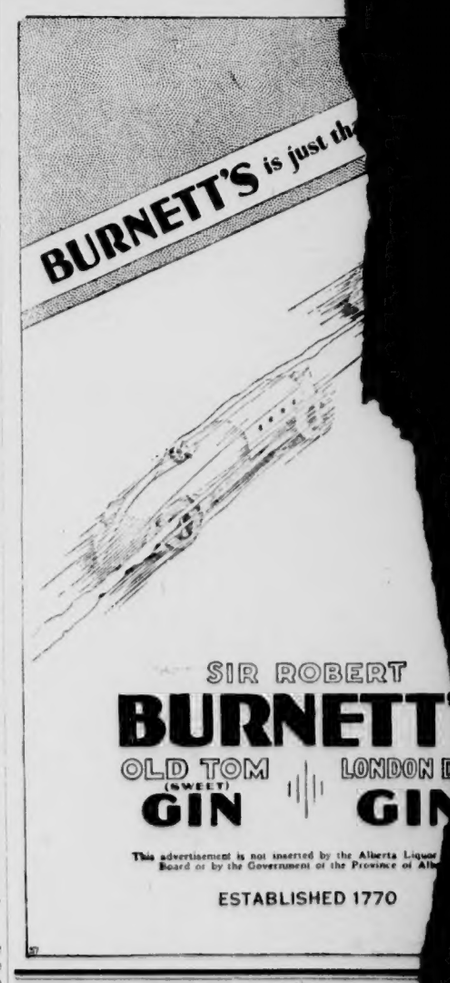

Editor of The Macleod Times:
Mr. Editor, Sir:

This on behalf of the old people and other inmates of the above institution in thankfulness to the friendly society of Elks for their thoughtfulness of us, making it possible for us to participate on Xmas day in the celebration of one of the greatest events in the history of the world, also our thanks to the Church ministers and other friends who did their part to make the day enjoyable for us; not forgetting our thanks to the hospital staff and other friends for their kindly and patent attention on us at the tables.

I am sincerely, one of them,
George Dawson.

FOR THE ROYAL LAMB

Little Betty (thoughtfully, as she considered the lamb and mint sauce before her for lunch): "Mummy, I suppose the Royal Mint is what the King uses."

GRANUM STARS WIN FOOTHILLS LEAGUE GAME FROM STAVELY

The Foothills League fixture between Granum and Stavely was played at Granum on Thursday night before a fair crowd. The ice was keen and the game fairly fast, the locals winning by a 51- score.

The first ten minutes of the opening period consisted of a series of long shots on both sides with little combination. The first score was registered by De Roche of Stavely. After that the local forwards found their feet and some pretty passing movements ensued, resulting in four goals for Granum in rapid succession. These were made by Hoffman 2, Ross 1, McKinnon 1.

In the second period the Stavely defense impro

FIREMEN'S ANNUAL BALL AT ...LEOD IS HUGE SUCCESS

...Fire brigade of Macleod did ...es proud New Year's Eve in ... in which they put on ... New Year's ball. The ...y Hall was crowded with ...er ...0 of the jolliest and happiest bunch of young people seen in Macleod ballroom for many a day. Every guest was presented with a fancy hat which, with the lovely, many-colored dresses of the ladies, made a ...st delightful and fascinating ...e. Then, about 11:30 the real ...egan when every variety of ... and noise-makers were dis... to try ... sounding of the fire gong 12 times and singing "For Auld Lang Syne", followed by cheer after cheer.

Fire Chief Shield and his band of firemen then served a most dainty lunch which, needless to say, was much enjoyed after the strenuous noise-making and dancing. The music supplied by the Edgar five-piece orchestra seemed to be very much appreciated, judging from the number of encores which were demanded. Fred Timleck was M. C. and carried out his duties in his usual amiable manner. The brigade are to be congratulated for providing such an enjoyable entertainment to ring out the old and bring in the New Year.

Fable: Once a man stopped to "help" small boys play ball and didn't insist on batting all the time.

The Old Year Still

Our financial year doesn't end until January 31st, and it is well that it doesn't, as we must get some collecting done before we close our books, and we are going to try to make January the big month. We are, in fact, forced to collect to get by with our bankers and the wholesale trade, and we hope we can collect without losing any friends. We must collect in any case, and we trust that any of our patrons who are behind in their accounts with us will make a special effort during the early part of January to get their accounts into shape. Accounts not paid by January 20th, or arrangements made for them, will be otherwise dealt with, and we hope there will be none in this class. Let us remain friends.

THE WHITE HALL

(OPERATING THE CHILD'S SAVING PLAN)

LOCAL AND PERSONAL NEWS

Lee Watchorn is sick in bed this week with the Mumps.

Mr. and Mrs. Alex Allen of Stavely were Macleod visitors on New Year's day.

Mr. and Mrs. C. G. Hoult visited in Lethbridge with their parents over the New Year holiday.

S. E. Gust of Medicine Hat, of the Gust Stores, was a visitor in Macleod over the New Year holiday.

Mrs. Roy Clement has been confined to bed for 10 days with the Flu, but is now convalescent.

Jack Dickson who has been at Yahk for several months, spent the New Year holiday with his parents, Mr. and Mrs. Jas. Dickson.

Miss Lillian Andrews and Miss Ruth McLean were Calgary visitors from Friday morning till Monday night.

Mrs. R. J. E. Gardiner arrived in Berkeley California on Sunday morning, for an extended visit to Dr. and Mrs. Elmslie W. Gardiner.

Mrs. H. Watchorn returned to Macleod this week from a six weeks trip to Eastern Cities, visiting relations and friends in Ottawa and Montreal.

Miss Gladys Marshall and Roy Marshall have returned to their home in Lethbridge after spending the holidays with their sister, Mrs. Cyril G. Hoult.

Mr. and Mrs. J. Swinarton and daughter Miss Margaret, accompanied by W. A. Day and Miss Ruth Day motored to Edmonton last week leaving here Wednesday and returning Friday.

W. Davis, accountant at Bank of Montreal, Glenwood, spent the New Year holiday with his mother Mrs. D. W. Davis, Macleod, and was present at the Fireman's Ball on Monday night.

John Rothney, who has been visiting with his mother in Macleod since the death of his father, last month is returning this week to Edmonton to continue his studies at the University.

In Geo. H. Scougall's advertisement in our issue of Dec. 20th, featuring Westinghouse Battery Console Radio, the price inserted was "$167.00 complete with Tubes." This price should have read "$167.00 Tubes Extra."

In last week's issue of The Times under the heading "Christmas in Macleod" a short notice was given of the Elks' activities as hosts to the old people at Macleod Hospital. Inadvertently the names of The Rev. A. Ferguson and J. D. Matheson, K. C., were omitted from those taking part in the program. The Rev. Ferguson offering up the opening prayer and Mr. Matheson voicing an address in a few happily chosen words appropriate to the occasion. The Editor of The Times greatly regrets the garbled reporting which was responsible for the omissions as above.

Allen Graham, of Stavely spent New Year's in Macleod.

Miss Sybil Kemmis, of Pincher Creek, was the guest of Miss May Fawcett over the Christmas holidays.

W. Townsend, of Calgary, spent New Year's with his brother Ralph at Macleod.

Miss May Fawcett, who is teaching at Shuler, is spending the holidays with her parents, Mr. and Mrs. J. L. Fawcett.

D. Maxwell, of Calgary, was a New Year's holiday visitor at the T. S. McLean Ranch.

The Hon. Archie McLean was a business visitor to Winnipeg over the Christmas holidays and returned home to Macleod this week.

Mr. and Mrs. J. B. Dickson, of Yahk, B. C., spent New Year with Mr. Dickson's parents, Mr. and Mrs. Jas. Dickson of Macleod.

G. C. Campbell, Manager of the Bank of Montreal, Glenwood, was a visitor in Macleod on New Year's Eve, taking in the Fireman's Ball.

Miss A. M. Wilson, who had been receiving medical treatment at Calgary General Hospital, returned to her home at Macleod on Saturday last.

W. G. Andrews returned on Friday morning from Winnipeg, where he had been attending the funeral of Mrs. Andrews' sister, Mrs. Travis, who died in Winnipeg the previous week.

J. D. Adams, who has been spending the holidays with his parents Mr. and Mrs. F. A. Adams, Macleod, returned to Edmonton on Wednesday morning to resume his studies at the University of Alberta.

Roy Clement, of the Rexall Drug Store, is leaving on Saturday night for a two weeks' visit to his parents in Winnipeg. Before returning to Macleod Roy will visit for a few weeks at Vancouver and other Coast Cities.

It was noticed that Dave Loyden, of Granum, was one of the enthusiastic fans and boosters for the Granum team at the Granum-Macleod hockey game on New Year's night at Macleod.

The ratepayers of Mud Lake School District held their annual meeting at the School last week. Robert Nihill was elected the new Trustee and John M. Smith as chairman, with R. J. E. Gardiner as Secretary-Treasurer.

Murray Meers, ledger keeper in the Royal Bank, has been transferred to the Edmonton branch leaving for the north on Wednesday mornings train. B. L. Haynes, of Cranbrook, arrived Tuesday night to fill Murray's position at the Macleod Branch.

Aubrey Bright, Barrister of Lethbridge, paid a short visit to his parents in Macleod, Mr. and Mrs. H. W. Bright, on New Year's day. He was accompanied by his cousins, Archie Mitchell of Lethbridge and Miss Grace Mitchell, the latter returning to her school at Olsen Creek after spending the holidays with her mother and brothers in Lethbridge.

The young people of the United Church School met on Friday evening for a social hour in the church hall. Mr. Roger Hunt, Superintendent, and Mrs. Dr. Fanset Superintendent of the Junior Department helping as usual in the good work. Then it was discovered that the young folks wanted to show their appreciation of their leaders by presenting them with tokens of love and loyalty. Mrs. Dr. Fanset was presented with a serving tray and Mr. Hunt with a set of white gold plate cuff links. Music, games, good refreshments and good wishes concluded a most enjoyable evening.

A quiet wedding was solemnized at the Presbyterian Manse, East Calgary, on Monday Dec. 24th, Rev. J. A. T. McLaggan officiating, when Miss Bessie Waugh, youngest daughter of the late Mr. James Waugh and Mrs. Waugh of Calgary was united in marriage with Mr. H. J. (Sie) McDonald, youngest son of the late Mr. J. S. McDonald and Mrs. McDonald, of Macleod. Joe Horan lately of Macleod, supported the bridegroom, and the bride's sister Mrs. Thomas Dowall, acted as maid of honor. The newly wedded couple are spending their honeymoon as the guests of the bridegroom's mother, Mrs. J. S. McDonald, at Macleod.

Amateur night, Thursday, Dec. 27th, at the Empress, proved a great drawing card, the theates being filled to capacity. The winners were: Vocal Solo—1st Mrs. Smith Jones; 2nd, Roger Hunt. Instrumental Solo—1st Glen Ringland (sax); 2nd, Donald White (violin). Instrumental Duet—Mac Russell and Bruce Lane (violins). Novelty Turn—1st Ernest Dixon (one-string solo); 2nd Mrs. Garbet (old time music); 3rd Ernest Wood (mouth organ). Junior Class—1st Ruth Ringland and Lucille West (song and dance); 2nd Jack Ryan, Jr. (tin whistle). The judges were: Miss Delly Genge, J. T. Doney and P. -W. Johnston (Red Deer).

A FIJI ISLE

Fine palm-fronds, glistening green
against a sky
Of sapphire, where soft, filmy clouds
sail by.

Majestic boles, plume-crowned, beside a sea
Of azure, mauve and green in symphony.

A ring of coral, wreathier in whirling spray,—
Gay, dancing sun-stars sparkling on the bay.

Foam-showery waves, smooth murmuring on the sand,
Near flowering trees, by whispering breezes fanned.

Birds hovering in the leaves or soaring high,
With radiant songs praising all glory nigh.

All earth, and air, and sea and sky here seems
On this fair Isle, a Paradise of dreams.

A haven from inharmonies where we
May feel God's presence, and His largess see.

—Elaine De Chair.

SELF SERVICE

Mother: "Were you good at the party?"

Six-Year-Old: "Yes."

"You didn't ask twice for anything at the table?"

"No, I didn't. I asked once, and they didn't hear me, so I helped myself."—Pearson's.

WELL ACQUAINTED

Two men walked into Westminster Abbey while the organ was being played.

"Listen! that's Handel," exclaimed the enthusiastic one.

"Plays very well, doesn't he? I didn't know you knew him."

Again the schoolboy outgrows his clothes. Publishing circles report the expenditure by the Family Herald and Weekly Star of close upon a half million dollars for huge new printing presses to cope with their fast-growing subscription list. At their new low subscription rate of three years for $2, one is prompted to ask "How long before they outgrow this one?

A PERIOD BUILDING

Stranger: "Is that your new public school over there?"

Citizen: "Yes, that is our chamber of commas."—Life.

OR A BAKER

"It's a great thing to be a good mixer."

"Yes, especially if you're in the concrete business."

UNUSUAL

Employer: "You don't often miss your train."

Employee: "No, but it was on time this morning.

NOT FRUITLESS

College Chum: "Glad to see you again. How's everything? Still making fruitless efforts to find the right girl?"

Percival: "No; I found a peach."

How conceited a man seems when he says he could do your work as well as you're doing it.

Tuesday at 8 p. m.
Thursday at 8 p. m.

Granum News

Hector Ross left this week for Calgary to attend Tech.

Eric and Irvine Knutson spent new year's day at Claresholm.

Miss A. Harris, of Macleod, visited Mrs. W. MacLennan last week.

The E. J. Dersch family are recovering after a severe attack of flu.

W. Gardiner is spending the winter in Glasgow, Scotland.

Mr. and Mrs. G. C. Shapter spent New Year's day in Calgary.

D. A. Boyle was a Calgary visitor this week.

Mrs. Ray Baker, of Macleod, was the guest of Mrs. W. MacLennan last week.

Murray Munro and Mrs. Munro left for Calgary this week, where the former will attend Tech.

Mr. and Mrs. Whinnery are spending holidays with home folks in Minnesota.

Mrs. Dora Edwards was the guest of Mr. and Mrs. G. R. Torrence during the holidays.

Miss Irene Christianson was taken to Calgary General Hospital on New Year's day to receive surgical treatment for an injured arm.

Mr. and Mrs. Pine and son Corwin, of High River, spent the holidays as guests of Mr. and Mrs. G. R. Torrence.

The Munro interests are being looked after in their owners' absence by Pat O'Shea at Murray's, W. Frisken at Hugh's and Dave Rose at Dan's ranch.

Mr. and Mrs. F. Patterson, of Craigmyle, and Mr. and Mrs. P. Gaynor, of Lethbridge, were guests of Mrs. Paul Clarke on New Year's day.

League Hockey Game Thursday (tonight) Claresholm vs. Granum on Granum ice. First clash of the season for these clubs—battle royal—don't miss it. Everybody come.

Mr. and Mrs. R. Smith entertained on New Year's day, the guests being Mr. and Mrs. R. Lawrie, Mr. and Mrs. Geo. Fletcher, Mr. and Mrs. James Peterson and Mr. and Mrs. G. R. Torrence.

A stubbornly contested game of hockey was played at the Granum Rink on Wednesday afternoon, when the Granum Trail Rangers bowed to the Rangers of Nanton by a score of 4-3. There was good play on both sides, with the Nanton team becoming stronger at the last. Gordon Blair handled the substitutions for the home team, and Duncan McKenzie handled the bell in good form. A return game is being planned for Saturday, January 12th.

On New Year's Day at the home of the bride's brother west of Granum, the marriage took place of Mr. John C. Haggerty, of Kemnay, Manitoba, to Miss Leolla Thomson sister of Messrs. L. A. and Vernon Thomson. The ceremony took place at 3 p. m. under an evergreen arch in the living-room which had been tastefully decorated for the occasion. The bride who was unattended, was gowned in white georgette and entered the room to the strains of the wedding march leaning upon the arm of her brother, Mr. L. A. Thomson who gave her in marriage. The ceremony was conducted by Rev. A. H. Rowe of the United Church. After the ceremony, the company sat down to a sumptuous repast. Only a few close relatives and friends were in attendance, these including, Mr. and Mrs. J. C. Brown, Granum; Mr. and Mrs. Shearer, Claresholm; Mr. and Mrs. Whitehead, Carmangay; Mr. and Mrs. W. A. Blair, Russell, and Fenton, Granum, Miss McNeill, Brant, and Mr. Vernon Thomson, Granum. The bride is well-known as the teacher of Chinook School. The happy couple left later for a trip which will bring them at last to Kemnay, Manitoba where the groom is a prominent farmer.

THE NEW TONGUE

Friend: "And does your little boy go to school?

Mrs. Newlerich: "Yes, and he's getting on so well; he is learning French and Algebra. Now, Ronnie, say 'How do you do' to the lady in Algebra."

Correct this sentence: "She married a rich man," said the gossip "but she never mentions her possessions."

The two things you need to achieve all the essential household conveniences advertised in the magazines are the cash and more room.

Correct this sentence: "I treat my small son," said the father, "just as I would if he were big enough to lick me."

It's easy to tell a swell neighborhood. The bill collectors are smooth little fellows instead of big, rough guys.

The unhappiest woman is the one who has a sport-model mind and a truck chassis.
